### PROFESSIONAL EXPERIENCE

**ExcelR Edtech Private Limited**

09/2022 – present

*Digital Marketing Web Developer*

Bangalore, Karnataka

- Designed, developed, and maintained responsive, high-performance web applications, ensuring seamless cross-browser, accessibility, and cross-device compatibility.
- Implemented state management using Context API, React-Redux, and Redux Toolkit, improving UI consistency and data handling efficiency.

- Optimized web performance, reducing page load times by 30% through code splitting, lazy loading, and asset optimization.
- Developed and optimized SEO-friendly landing pages, increasing organic traffic and boosting campaign ROI by 20%.
- Integrated third-party APIs and analytics tools to enhance marketing strategies and user engagement tracking.
- Collaborated closely with UI/UX designers, backend developers, and marketing teams to deliver interactive, data-driven digital experiences.
- Actively participated in agile ceremonies, code reviews, and sprint planning to enhance team collaboration and product quality.
- Managed version control using Git and GitHub, streamlining deployment processes and improving team collaboration.
- Led testing initiatives to optimize user experience and conversion rates, resulting in improved customer engagement.
- Integrated CI/CD pipeline using GitHub Actions to automate testing and deployment workflows, improving release efficiency by 40%

## YRP IT Solutions

04/2022 – 09/2022

Frontend Developer

Chikkaballapur, Karnataka

- Designed and implemented responsive, user-friendly interfaces for web applications.
- Integrated frontend applications with backend databases to ensure efficient data handling and functionality.
- Performed CRUD operations using PHP and MySQLi for data management.

## PROJECTS

### E-commerce Website

07/2023 – 09/2023

- Built an e-commerce platform with features like product management, user authentication, and payment processing.
- Implemented a user-friendly interface and optimized performance for seamless shopping experiences.
- Managed all application data in a database for enhanced scalability and functionality.

### Portfolio Website

10/2023 – 12/2023

- Created maintainable and scalable APIs to ensure long-term functionality.
- Showcased full-stack development capabilities through personal and professional projects.
